

DENNIS GABOR COLLEGE

BUDAPEST, HUNGARY

PROGRAMMES FOR INTERNATIONAL STUDENTS 2013/14 SPRING SEMESTER

INTERNATIONAL DAY

The first International Day at Dennis Gabor College was held on the 2nd of April.

Following the promotion of the mobility programmes available at DGC, the day's main event was the presentations of our local and international students.

After a short video about Hungary presented by the College's Student Union, the participants got an insight to the works of the 3D Graphics and Animation Student's Workshop.

Students of our French partner institution introduced their university, as well as the famous cities of Marseille and Paris, and the audience could even enjoy a little African atmosphere during a presentation of Cameroon.

The last two vivid presentations – one individual and a group performance – introduced famous Brazilians and the culture, nature and history of the South American country.

The programme continued with a giant board game with questions in international topics; four teams competed for the first prize. The winner was a mixed team of Brazilian and French students.

The International Day ended with the 'Nation's Cuisine'. Students made national food; ratatouille and quiche from France and desserts from Brazil; Hungarian specialties, gulyás, rétes and pogácsa were provided by the restaurant operating in the building of the College.

The enjoyable day was a great success, and provided a good opportunity for Brazilian students to meet other international and Hungarian students, and develop new friendships.

DAY-TRIP TO LAKE BALATON

In the end of April we organized an excursion to Lake Balaton, the largest lake in Central-Europe. The programme started with sightseeing in the historical town of Veszprém, followed by lunch in a 'csárda', a traditional restaurant in a nearby village. In the afternoon students could visit the Tihany Abbey, and relax in Balatonfüred, famous resort town by the lake.

OTHER EXCURSIONS

DGC offers several cultural and free time activities for international students in Budapest and the surroundings; visiting the major museums and places of interest, walk through the castle district or playing outdoor games in the Buda Hills.

We have made excursions to the Royal Castle of Gödöllő, to Szentendre Open Air Museum and we spent an enjoyable day in Visegrád, a small castle town famous for its historical and natural sights.
